

KRIEGSJAHRE

Wann herrschten wie viele bewaffnete Konflikte weltweit?

Jedes Einschussloch steht für einen Krieg

powerful: each conflict is represented by a bullet hole on the page; this results in the page becoming completely perforated. It highlights that the decade from 1985 to 1994 saw the greatest number of wars.

This double-page graphic was published in the weekly German magazine Die Zeit. It shows the number of conflicts that have taken place worldwide from 1946 to 2011. The visualization is as simple as it is
