

BAREFOOT

Founded in 1964 and with two stores in Sri Lanka – in Colombo and Galle Fort – Barefoot is a textile company inspired by its local culture and surroundings. From its bags and sarongs to these cushions, everything is hand-woven by a group of designers and needlewomen, who use bright colors and simple geometry.

EYTYS

Swedish brand EYTYS began selling footwear in 2013. Its first retail outpost, inspired by minimalist sculpture and brutalist architecture, opened in Stockholm in 2016. It's since branched out to apparel more generally, but it's retained its cult status largely for its trainers.
