

How **ALEALI MAY** BLURS THE LINES
Between Streetwear and High
Fashion

At well under 30 years old, Aleali May has made a name for herself as a stylist, model, and image consultant with a keen eye for where streetwear and luxury meet.

My first luxury piece—
“A pair of vintage Chanel
quilted sunglasses.”

What luxury means to me—
“Luxury is being able to do
what you love and love what
you do. I don’t feel like I’m
going to work; I feel like I’m
living a dream.”

Above: May’s “Millennial Pink” Air Jordan 6 collaboration, released in March 2019. The colorway is inspired by her time in Chicago moonlighting at streetwear boutique RSVP Gallery and the Louis Vuitton store.
