

**YAMBO STUDIO**  
*Tel Aviv, Israel*

With a central office in Tel Aviv, Yambo Studio is a global, multidisciplinary team of designers who collaborate through language barriers and time zones. In 2017, the studio began using architecture and interior design to mirror the shape of a phone

for a project with Chinese electronics brand, Xiaomi. Now they bring interior design and architecture into almost every project they do. The studio has recently worked with Google, Nike, Oppo, and many more. ✦
