

**SUPERETTE**

Superette opened Canada's first legal cannabis retail store in 2019. With its diner-style interior, the brand offers an immersive experience for people of all (legal) ages in surroundings that are airy, bright, and infused with a certain nostalgic vibe. What better backdrop for displaying and purveying a wide selection of accessories and cannabis? Typical diner features include a counter for product information and pick up, booths for one-on-one consultations, and deli cases lined with pre-rolls. \*
